Teen Night ID Policy 2020

Dear Parents,

Cascade Family Skating is implementing a new ID policy for children to enter into the Cascade Skating Saturday Teen Night. We require all children entering the rink without their parents to have an ID. If your child does not have an ID we will make ID's for your child. In order to get their ID you must come into the rink with your child and fill out an ID form and take a photo of you and your child. This form will have the Parent's name & child's name, phone, and address. This is being put in place to control the kids that are misbehaving inside and outside of the rink. We will also require children to stay in the rink and/or in front of the rink until they are picked up by their parents.

We will have an APD Police officer and Cascade Security at the top of the Cascade entrance telling parents our new ID policy and not letting kids walk onto the Cascade rink property without having an ID.

Please fill out the ID form below and bring it into the rink for our files.

Thank You

Cascade Management
